Contact Your DC Legislators

Please call and write your U.S. Representative and two U.S. Senators to protest the mismanagement of our wild horse herds on public lands, and to request a Congressional inquiry into Bureau of Land Management practices. Specifically:

- Denounce the aggressive wild horse removal campaign currently under way at the behest of special interest groups and at the cost of millions of our tax-dollars.
- Tell them that your tax-dollars would be better spent on an in-the-wild management program not based on removal.
- Call for a moratorium on round-ups until actual numbers of wild horses on public lands have been independently assessed.

House Members should be urged to sponsor **H.R. 1018 (the ROAM Act)**. Make sure to include your full name and address and to ask for a response on how your representative intends to address your concerns. Be firm but courteous.

Letters to Representatives should be addressed to: *The Honorable [Name Here], U.S. House of Representatives, Washington, DC 20515.*

Letters to Senators should be addressed

For more information and sample letters
<http://www.wildhorsepreservation.com/action.html>

Letters sent via U.S. mail make a stronger statement than emails but are subject to significant delays due to concerns over anthrax. Therefore, we suggest sending your letters in both formats (faxes are also a good alternative). To find your members of Congress, call the Congressional Switchboard at 202.224.3121, or visit www.congress.org and enter your zip code.

Please send copies of your letters to
AWHPC, P.O. Box 926, Lompoc, CA 93438.
Email copies are also acceptable and should be sent to:

letters@wildhorsepreservation.com

letters will be collected and forwarded in bulk to relevant government officials.
